Skoolfooie 2016 - "goed op dreef"

Wanneer 'n kind met Gr 1 begin, word 'n fondament gelê wat sonder behoorlike befondsing in gevaar gestel word. Ek is nie bereid om dit toe te laat nie – ons moet seker maak dat ons binne sewe jaar die beste moontlike fondament lê wat ons geld kan koop.

Befondsing en voorsiening van bronne deur die Departement bly 'n uitdaging. Ons weet nooit of dit ons gaan bereik of hoeveel ons gaan kry nie. Om binne ons begroting staat te maak op die toegewese personeelvoorsiening en papierbegroting van die Department bly altyd 'n uitdaging wat die lewering van gehalte-onderrig in gevaar stel.

Ons begroting het ten doel om 'n voortreflike diens van gehalte te lewer en ons SBL ondersteun ons deur ons toe te laat om professionele opvoeders aan te stel wat 'n grondslag vir ons kinders binne 'n goedgebalanseerde en toegeruste skool kan lê. Ongelukkig kos dit geld om tegnologie ene verbeterde bronne beskikbaar te stel en is dit nodig om 'n voortreflike diens aan ons leerders te lewer. Indien elke leerder skoolfooie betaal soos begroot, is dit maklik haalbaar. Die hoeveelheid skoolfooie wat nie betaal word nie, en gedeeltelike kwytskeldings, is 'n groot uitdaging.

Ons het daarin geslaag om hierdie uitdaging die hoof te bied en nog steeds 'n voortreflike diens te lewer. Dit is egter 'n saak wat dringend aandag moet geniet.

Die groot verskil is dat ons die grondslag moet lê en nie net versiersels aanplak en 'n kersie bo-op sit nie. Versiersel en kersies werk nie op 'n fondament nie.

Ons is geneig om baie minder aan die fondament te bestee en te veel aan die afronding. Op hierdie manier word foute toegesmeer en dinge moes eintlik andersom gedoen gewees het. Ons hoofdoel is om ons leerders vir hoërskool voor te berei. Hier by Sunridge spandeer ons baie tyd aan die grondslag en ons voorsien so 'n uitstekende diens dat ons met aansoeke om toelating oorval word. Dit is net jammer dat almal die diens wil hê, maar nie almal wil daarvoor betaal nie.

By onlangse hoërskoolprysuitdelings het voormalige Sunridge-leerders ander leerders op alle onderwysvlakke uitgestof. Die akademiese terugvoer oor ons leerders toon 'n goeie balans en goed- toegeruste leerders wat hoërskool toe gaan en in die toekoms uitblink.

Dit is alles te danke aan 'n stewige fondament wat by Sunridge gelê word en dit vir hoërskole moontlik maak om daarop voort te bou.

Hiermee in gedagte glo ek dat die begroting van ons SBL vir 2016 billik en goed gebalanseerd is. Ons sal dalk uitdagings moet trotseer indien die Departement ons in die steek laat met betrekking tot die voorsiening van bronne, hetsy finansieel of personeel.

Skoolfooie vir 2016 - R980.00pm x 12 = R11,760.00

Die grootste uitdaging is om ouers te oortuig dat, as jy 'n V12 bestuur, jy die brandstof moet kan bekostig – anders moet jy 'n V6 koop!

Ongelukkig bied ons net die V12 aan.

SUNRIDGE TODAY

29 Oktober 2015

Dear Parents

School Fees 2016 - "Firing on all 12 cylinders"

The laying of a foundation begins on entering grade one and without proper funding this crucial foundation would be jeopardized. I am not willing to let that happen. We need to ensure that over the seven years we lay the best possible foundation our money can buy.

Funding and resource provision from the department is a challenge. We never know if it's going to reach us and what's going to be provided. Accommodating the department's allocated staff establishment and paper budget within our budget always proves to be a challenge which jeopardizes our delivery of quality education.

Our budget aims to make provision for the delivery of a quality and exceptional service. Our SGB support us by allowing us, as professional educators, to build the foundation for our children within a well balanced and equipped school.

Unfortunately technology and updated resources cost money. Only with these available can we provide an exceptional service to our learners. If every learner pays school fees as budgeted for, this would be easily achievable. The challenge lies within the amount of school fees not paid and the number of requests for partial exemptions on school fees.

We manage to tip toe through this challenge and still deliver an exceptional service. But we need to address this matter urgently.

It's like wanting to drive a V12 without being able to afford the fuel.

The biggest difference is that what is needed while laying the foundation differs from putting icing on it and a cherry on top. Icing does not work on a foundation nor do cherries.

We tend to spend much less on the foundation and a significant amount more on the finishing touches. Through this approach we cover up mistakes when it should be the other way around. Our main objective is to prepare our learners for high school. At Sunridge, we invest in the foundation of our learners and provide such an excellent service that we are unable to accommodate all the applications for enrolment we receive. It is a pity that all want the service but do not want to pay for it.

At recent high school prize giving's, ex Sunridge learners outperform others on all aspects of education, and the academic report back shows well balanced and equipped learners entering high schools and excelling in the future.
This is all thanks to a solid foundation laid at Sunridge on which high schools can build.

With this in mind, I believe that the budget for 2016 from our SGB is fair and well balanced. We might encounter challenges as resource provision from the department, may it be finances or staff, fails us.

School fees for 2016 - R980.00pm = R11760.00

The biggest challenge is to get all parents to understand that to drive a V12 you need to pay for the fuel, if not, buy a V6!

Unfortunately we only offer V12's.

Sunshine Greetings
